## 07 SDG Alignment

|        |                         |
|--------|-------------------------|
| SDG 8  | Decent Work             |
| SDG 10 | Reduced Inequalities    |
| SDG 12 | Responsible Consumption |
| SDG 16 | Peace & Justice         |
| SDG 17 | Partnerships            |

## 08 Roles & Responsibilities

| Role / Department   | Responsibility                                                                                              |
|---------------------|-------------------------------------------------------------------------------------------------------------|
| Compliance Officer  | Oversee ethics program implementation, manage whistleblowing channels, and investigate reported violations. |
| HR Manager          | Enforce code of conduct, coordinate ethics training, and address workforce compliance issues.               |
| IT Manager          | Maintain data privacy controls, safeguard confidential information, and ensure cybersecurity compliance.    |
| Internal Audit Team | Conduct periodic compliance audits, assess anti-corruption controls, and report findings to management.     |
| Senior Management   | Promote an ethical culture, approve ethics policies, and ensure organizational accountability.              |

| Role / Department | Responsibility                                                                                         |
|-------------------|--------------------------------------------------------------------------------------------------------|
| Employees         | Uphold ethical standards, report misconduct or conflicts of interest, and complete mandatory training. |

## 09 Monitoring, Reporting & Transparency

Environmental performance is monitored continuously through a centralized EHS dashboard, with KPIs reviewed monthly by site leadership and quarterly by the Executive Committee. Independent third-party audits are conducted annually for ISO 14001 and as required by customers. Findings, progress against targets, and incidents are reported in the annual Sustainability Report prepared in line with GRI Standards and BRSR.

## 10 Review Mechanism & Continuous Improvement

This Policy is reviewed every two years or earlier if there are significant changes in operations, regulations, or stakeholder expectations. The EHS team initiates the review, the Executive Committee approves revisions, and updated versions are communicated to all employees and relevant stakeholders. Feedback collected through employee engagement, customer audits and investor dialogues is incorporated into each revision.

|                      |                               |             |
|----------------------|-------------------------------|-------------|
| Effective 2025-01-15 | Approved by Managing Director | Revision 01 |
|----------------------|-------------------------------|-------------|
