Corporate Office	Corporate Office: 1101, Rajhans Montessa, Besides Le Meridien Hotel, Dumas Road, Surat, Gujarat, India - 395007	Corporate Office

Welcome to the Navitas Solar Family!

We're excited to welcome you to the **Navitas Solar Private Limited (Group)** family! As a part of our team, you are joining a leading Indian solar company committed to delivering reliable and scalable renewable energy that paves the way for a cleaner, greener tomorrow. Your contributions are vital to our mission, and we value the fresh ideas and talents you bring to the table.

Our core values — **Innovation, Sustainability, and Excellence** — define who we are and what we stand for. These values guide us in delivering world-class solar energy solutions, fostering an inclusive and dynamic workplace, and making a positive impact on our planet.

This handbook is designed to help you settle in and understand what makes Navitas Solar a great place to work. Welcome aboard — together, let's drive innovation and build a sustainable future!

Our Purpose: Energizing the World Sustainably

At Navitas Solar Private Limited (Group), our purpose is to lead the renewable energy revolution by providing innovative and sustainable solar solutions that empower communities and industries worldwide.

We are committed to reducing dependence on non-renewable energy sources and creating long-term value for our customers, stakeholders, and the environment. By integrating advanced technology and eco-conscious practices, we aim to drive a cleaner, greener future for generations to come.

Our Vision: To be a global leader in solar innovation, empowering sustainable progress through clean energy solutions that benefit people and the planet.

Our Mission: To design, manufacture, and deliver high-quality solar technologies while promoting environmental stewardship, long-term partnerships, and inclusive growth for all stakeholders.

Our Business Priorities

As a leading player in renewable energy, Navitas Solar Private Limited (Group) focuses on the following business priorities to maintain and enhance our industry leadership:

- **Scaling Renewable Energy Solutions:** Enhancing our solar manufacturing capabilities and expanding our product portfolio to cater to diverse energy requirements, with a total manufacturing capacity of 3 GW per annum.
- **Technological Advancements:** Investing in cutting-edge research and development to drive innovation in solar PV modules, including Mono PERC and high-efficiency TOPCon technologies (40 W to 720 W), energy storage systems, and smart energy solutions.
- **Sustainability at the Core:** Embedding eco-friendly practices across our value chain, from sourcing raw materials to delivering energy-efficient solutions, while ensuring environmental preservation.
- **Customer-Centric Approach:** Building long-term relationships by offering reliable, high-quality products and excellent after-sales service to our global clientele, serving over 1,400 customers across India.
- **Fostering Employee Growth:** Cultivating a supportive workplace culture that encourages creativity, learning, and collaboration among employees, helping them achieve their professional goals.

Our Legacy and Industry Leadership

Navitas Solar Private Limited (Group), founded in 2013 by five forward-thinking entrepreneurs — Vineet Mittal, Sunay Shah, Ankit Singhania, Aditya Singhania, and Saurabh Aggarwal — has grown to become one of the most trusted names in renewable energy, with a focus on solar power solutions. Our legacy is built on a steadfast commitment to innovation, quality, and sustainability.

With advanced manufacturing facilities and a robust presence across India, we are proud to serve industries, businesses, and communities. Our portfolio includes high-performance solar PV modules (Mono PERC, N-Type TOPCon, Bifacial, Bonito Series), energy storage systems, and comprehensive EPC (Engineering, Procurement, and Construction) solutions delivered through our subsidiary, Navitas Planet.

Our success stems from a strong focus on environmental responsibility and technological excellence. We have been honored as the "Pride of Gujarat" by News18/PTI for our outstanding

contribution to renewable energy. By constantly pushing boundaries and aligning with international green energy standards, Navitas Solar continues to lead the renewable energy industry into the future.

How to use this Handbook

This handbook is your comprehensive guide to understanding the, practices, and resources at Navitas Solar Private Limited (Group). It has been designed to help you navigate your journey with us and make the most of your experience.

Key Features:

- **Comprehensive Information:** Find detailed explanations of company, procedures, and benefits.
- **Guidance for Success:** Understand expectations and opportunities to align with the group's vision and goals.
- **Support Resources:** Discover where and how to seek assistance or clarification on workplace matters.

How to Navigate:

1. **Read Carefully:** Familiarize yourself with all sections to fully understand your rights and responsibilities.
2. **Reference as Needed:** Use this handbook as a go-to resource for any questions about , entitlements, or company practices.
3. **Stay Updated:** Note that this handbook will be updated periodically. Keep an eye out for any revisions or announcements.

If you have any queries or need additional clarification, please don't hesitate to reach out to your manager or the Human Resources team. This handbook is a valuable tool to ensure a smooth and fulfilling career at **Navitas Solar Private Limited (Group)**.

1. Employee Rights and Ethical Workplace

At Navitas Solar Private Limited (Group), we are committed to upholding the rights of our employees and ensuring fair labor practices across all operations. By adhering to international labor standards and local regulations, we aim to create a workplace that prioritizes respect, equality, and safety.

Key Commitments Include:

- **Prohibition of Child Labor:** We strictly adhere to the law and do not employ anyone under the age of 18. Our hiring processes ensure compliance with age verification procedures.
- **No Forced Labor:** Employment at Navitas Solar is always voluntary. Employees have the right to resign with reasonable notice, and no one is coerced into working under any circumstances.
- **Safe Working Environment:** Employee safety is a top priority. We conduct regular safety audits, provide necessary personal protective equipment (PPE), and organize safety training sessions to minimize workplace hazards.
- **Freedom of Association:** Employees have the right to join or form unions and engage in collective bargaining without fear of retaliation or discrimination.
- **Equal Opportunities:** We are committed to providing an inclusive work environment free from discrimination based on gender, race, religion, disability, or any other characteristic. All hiring, promotions, and compensations are merit-based.
- **Fair Discipline:** Any disciplinary actions are conducted transparently, lawfully, and with respect for employees' dignity.
- **Fair Wages and Hours:** Employees are compensated above or in compliance with minimum wage laws. Working hours, overtime, and break periods adhere to labor regulations.
- **Responsible Supply Chain:** Navitas Solar holds its suppliers accountable to ethical labor practices, conducting regular audits to ensure compliance.
- **Human Rights Reporting:** Employees can raise concerns through a confidential grievance system, ensuring timely and fair resolution of issues.

2. Commitment to Quality, Environmental Sustainability, and Workplace Health & Safety

At Navitas Solar Private Limited (Group), we are dedicated to delivering high-quality renewable energy solutions while safeguarding the environment, health, and safety of our employees, customers, and stakeholders. The company is certified under ISO 9001, ISO 14001, and ISO 45001 standards.

A. Our Core Areas of Focus:

- **Quality Commitment:**
  - Ensuring all products and services meet international quality standards through rigorous quality control and continuous improvement practices.
  - Delivering innovative and reliable solar energy solutions to meet evolving customer needs.
- **Environmental Sustainability:**
  - **Resource Optimization:** Actively reducing the use of water, electricity, and raw materials through innovative technologies.
  - **Waste Management:** Promoting recycling and safe disposal of waste materials to reduce environmental impact.
  - **Pollution Control:** Implementing advanced pollution prevention measures and minimizing our carbon footprint.
  - **Eco-Friendly Practices:** Using a life-cycle approach to assess the environmental impact of our products and processes.
- **Health and Safety Commitment:**
  - **Workplace Safety:** Providing a hazard-free workplace through regular safety inspections, risk assessments, and the use of appropriate safety equipment.
  - **Health Monitoring:** Conducting regular health check-ups and workplace assessments to prevent occupational illnesses.
  - **Safety Training:** Offering mandatory safety education programs to ensure employee awareness and preparedness.
  - **Incident Management:** Establishing clear procedures for reporting, investigating, and addressing safety incidents to prevent recurrence.

- **Continuous Improvement:** Regularly updating safety protocols and incorporating employee feedback to enhance workplace safety and health standards.

B. Incident Reporting Process

4. Compensation, Benefits, and Career Path Guidelines

A. Comprehensive Compensation Framework

1. Guiding Principles:

- **Fair Wages:** Employees are compensated above statutory minimum wages as per government regulations.
- **Equitable Pay Practices:** Pay decisions are transparent and aligned with industry standards, role responsibilities, and employee performance.
- **Sustainability:** Salaries are designed to balance competitiveness with the organization's long-term sustainability.

2. Key Compensation Components:

- **Base Salary:** Reflects the core responsibilities and skills required for the role.
- **Performance-Based Pay:** Annual bonuses and incentives are tied to individual, team, and organizational achievements.
- **Allowances and Statutory Benefits:** Includes HRA, travel allowances, Provident Fund, and Gratuity.

3. Market Competitiveness:

- Salaries are benchmarked annually against competitors and industry standards.

4. Determining Factors for Compensation:

- Criticality of the role to Navitas Solar's strategic goals.
- Responsibilities, experience, and educational qualifications.

- Individual performance and competencies.
- Internal pay equity and external market trends.

B. Annual Salary Revision

1. Revision Timeline:

- Revisions are conducted annually and take effect on **April 1st**, based on performance evaluations for the previous financial year (April–March).

2. Eligibility Criteria:

- Employees who have joined on or before **March 31st** of the financial year are eligible for revisions in the subsequent cycle.

3. Performance-Based Increments:

- **Performance Ratings:** Revisions are directly tied to performance appraisal ratings.
- **Increment Grid:** HR prepares an increment grid that categorizes percentage increases by performance levels.

4. Revision Influences:

- **Individual Contributions:** Measured through key performance indicators (KPIs) and 360-degree feedback.
- **Team and Organizational Performance:** The overall growth and profitability of Navitas Solar impact increment percentages.

5. Non-Discriminatory :

- Revisions are based on merit and exclude factors such as gender, ethnicity, caste, religion, or political affiliations.

C. Bonuses, Incentives, and Recognition

1. Performance Bonuses:

- **Annual Bonuses:** Based on the achievement of personal and organizational goals.
- **Key Performance Indicators (KPIs):** Specific KPIs tied to role responsibilities determine the bonus structure.

2. Recognition Programs:

- **Spot Awards:** For employees demonstrating innovative solutions or exceeding expectations.

- **Team Awards:** For departments or teams achieving significant milestones.

3. Long-Term Incentive Programs:

- Senior-level employees may participate in long-term incentive plans.

D. Measures to Anticipate and Minimize Layoffs

1. Proactive Workforce Planning:

- Regular assessments of staffing levels and business requirements to identify potential surplus early and redeploy employees.

2. Upskilling and Redeployment:

- Training programs are offered to help employees acquire skills required for redeployment.

3. Flexible Work Arrangements:

- Options such as reduced work hours, temporary sabbaticals, or project-based assignments are explored.

4. Voluntary Exit Programs:

- Offering voluntary resignation schemes with financial incentives.

5. Employee Support in Layoff Situations:

- **Advance Notice:** Employees are given sufficient notice as per legal requirements.
- **Financial Compensation:** Severance packages based on tenure, role, and company .
- **Outplacement Assistance:** Job search support, resume-building workshops, and career counseling services.
- **Priority Rehiring:** Employees affected by layoffs are given priority for rehiring.

E. Wage Equality and Pay Audits

1. Commitment to Equal Pay:

- Navitas Solar is committed to ensuring equal pay for equal work.

2. Annual Pay Audits:

- HR conducts audits to identify any disparities and implement corrective measures.

3. Unconscious Bias Training:

- Training programs for managers ensure that unconscious biases do not influence pay decisions.

4. Employee Grievances:

- Employees can report any concerns about pay inequities confidentially via hr.kosamba@navitassolar.comor **+91 8200996747**.

F. Overtime and Work Hours

1. Eligibility for Overtime:

- Non-managerial employees required to work beyond their standard hours are eligible for overtime compensation.

2. Overtime Compensation:

- Overtime is compensated at **2 times** the standard hourly rate.

3. Compensatory Time-Off:

- Employees may request compensatory leave instead of overtime pay, subject to operational feasibility and approval.

4. Approval Process:

- Overtime must be pre-approved by the respective HOD to qualify for compensation.

G. Career Development and Promotion

1. Merit-Based Promotions:

- Promotions are awarded based on individual performance, potential, and organizational requirements.

2. Promotion Criteria:

- High performance in achieving KPIs and exceeding role expectations.
- Feedback from supervisors and department heads.
- Demonstrated alignment with Navitas Solar's values and adherence to safety standards.

3. Leadership Development:

- High-potential employees are identified for Leadership Development Programs.

4. Promotion Timing:

- Promotions are typically evaluated during the annual appraisal cycle but may occur mid-year for exceptional performers.

5. Transition Support:

- Employees promoted to new roles receive tailored training, mentorship, and onboarding.

H. Internal Career Mobility

1. Vertical Growth:

- Employees are encouraged to advance to higher positions within their functional area.

2. Horizontal Mobility:

- Cross-departmental transfers allow employees to diversify their skills.

3. Internal Job Postings (IJP):

- Vacancies are communicated internally first, allowing employees to apply and prioritize career growth within Navitas Solar.

4. Transversal Mobility:

- Employees can participate in cross-functional projects and training programs.

5. Skill Development Programs:

- Employees are encouraged to enrol in Navitas Solar-sponsored certifications, workshops, and technical training programs.

17. Review Mechanism

At Navitas Solar Private Limited, this Handbook is treated as a living document that reflects our values, compliance obligations, and operational excellence standards. To ensure accuracy and alignment with legal, regulatory, and ESG requirements, the Handbook undergoes a structured review led by HR, in collaboration with Compliance, Legal, and Senior Management.

The Handbook is reviewed to ensure it remains:

- Compliant with applicable labour laws, ILO principles, and global customer requirements
- Aligned with Navitas Solar's ethical and operational standards
- Responsive to employee feedback and emerging risks
- Consistent with best practices in solar manufacturing and international ESG expectations

Prepared By	Approved By
HR Manager	Management

The Handbook is formally reviewed once every year, or earlier when significant legal or policy changes occur. Updated versions are communicated to all employees through digital and printed formats.
